

Features & Benefits

- Fully shielded for signal protection
- Shielding prevents contaminant noise from entering the cabling system
- Individually tested up to 250 MHz
- Available from stock in lengths from 0.5 to 5 metres
- Fully conforms to ANSI/TIA-568-C

Specifications

Plug	High performance modular plug
Cable	Category 6 stranded cable
Conforms to	ANSI/TIA-568-C

Connectix Category 6 FTP Patch Leads are designed to exceed the performance requirements of the Category 6 Specification.

The Connectix Cat 6 Patch Leads are made from Category 6 stranded cable and are terminated using high performance modular plugs. The fully shielded patch leads increase signal isolation and prevent contaminant noise from entering a cabling system.

Each lead is individually factory tested to the standard to ensure true Category 6 compatibility.

We stock a variety of lead lengths, each available in a number of different colours.
