

Features & Benefits

- Suitable for Gigabit Ethernet applications
- Individual colour coded saddles allow quick and accurate terminations
- Top quality sockets
- Fully QA tested
- Optional cable management tray

Specifications

Width	483 mm (19")
Depth	30 mm
Height	1u (44 mm)
Fixing Centres	467 mm
Material	Mild steel sheet CR4 to BSEN 10130-1999 DC01 Plastic inserts ABS thermoplastic resin with grade UL94 V0 at 1.5 mm flameBS thermers.

Connectix Enhanced Category 5 High Density Elite Patch Panels provide exceptional performance for high speed LANs including Gigabit Ethernet applications. The High-Density format is ideal where cabinet space is at a premium.

The panels achieve optimum transmission performances by incorporating the highest quality components and innovative on-board compensation techniques. The front of the panel features easy to use slide in labels and the rear utilities colour coded cable saddles and hook and loop cable retainers.

All Connectix Enhanced Category 5 Panels offer extended PowerSum characteristics and exceed the ANSI/TIA-568-C specifications, and when combined with Connectix Enhanced Category 5 Modules and UTP Cable, the link will perform well in excess of the Enhanced Category 5 Specification.
